

PRODUCT UPDATE

Ref No. : SSG-PUN114-1009
Release Date : 06 Sept 2010

Dear Distributors,

SDL 30/50 Wave and Read Technology

Sokkia is proud to announce that the SDL30 and SDL50 levels have a new function called "Wave-and-Read". By using this measuring method, you can take a measurement without using the circular level.

Product Release Information:

1. Delivery Schedule and Availability

All SDL30 and SDL50 now come with the "Wave-and-Read" function.
Please contact your respective sales channel for availability of stock.

2. SDL30/50 Price

Price will be the same as original items. Please contact your sales engineer for the updated price list.

3. SDL30/50 "Wave-and-Read" Product Information

Please refer to 'Appendix 1_Product Information SDL30_50'.

4. SDL30/50 Brochure

The PDF product brochure for SDL30 and SDL50 combined is available at SSPS website (www.sokkia.com.sg). Printed brochure will be available around September.

5. SDL30/50 Firmware Upgrade

Please contact SSPS Service Section for upgrade or if your unit is not showing the following updated firmware:

SDL30: Ver. 1009-13-20

SDL50: Ver. 1009-33-20

If you have any questions, please contact your regional support channel
